CANDIDATES FOR GOVERNOR ON SUNDAY LAW

LEWIS OF GORHAM, PAT AND HAIGHT.

The Franklin Verein, composed mostly of Germans, addressed the following circular to the principal candidates for office:

SIR:—The Committee of Franklin Verein beg leave to communicate with you the platform of said Association; in the meantime they take the liberty, by virtue of their office, to submit to you the following question:

"Are you willing to pledge yourself to work for the repeal of the existing Sunday laws and against the enactment of any new Sunday laws whatsoever?"

We respectfully request you to answer "Yes" or "No." No answer will be considered a negation.

As we have to report to the Association on the above mentioned subject, we most respectfully solicit you to send us your answer on or before the 25th day of August, and direct the same to "Franklin Verein," Post Office Box, No. 445.

By order of the President,
WM. CRACKER, Secretary
HENRY HASBACH, Secretary

The following copy of the platform of the Verein was enclosed in the letter:

Believing that the main cause of the unexampled growth of our country is to be found in the liberty which the Constitution of the United States, that grand creation of the Fathers of the Republic, guarantees to all, we regard the preservation of that liberty so essential to the present and future greatness of the Union. The most sacred of these guarantees, and the one without which the others cannot endure, is, we believe, absolute freedom, the first condition is the separation of Church and State. Any legislation whatever, by which the State attempts to compel a citizen to do that which is contrary to his religious faith, is equally dangerous to liberty and to the dignity of religion. We believe the enactment of Sunday laws to be especially in violation of the Constitution, and they will have the effect of destroying the respect due to religion; and while acknowledging the right of others to regard the keeping of the Sabbath as a religious precept, we do oppose a compulsory observance of it, which is sought to be effected by aid of the police.

GORHAM'S REPLY.

SAN FRANCISCO, August 26, 1867.

To the Committee of the Franklin Verein Gentlemen: Having been absent from the city addressing the people on the issues of the canvass, I have not had a suitable opportunity until now to reply to your interrogatory in reference to the Sunday law of this State.

My reply is, that I am a candidate for an executive and not a legislative office, and therefore I cannot with propriety engage to aid in the passage or defeat of any bill before the Legislature. Upon the subject matter of your communication, I wish to say that I do not consider it the duty of Government to legislate upon matters of conscience, or to seek to enforce by law a uniformity of views upon questions concerning which good citizens may honestly differ without detriment to the public peace.

The veto power would not be used by me if elected to defeat the will of the people as expressed by the Legislature in the passage of any proper constitutional measure, unless it contemplated an oppressive taxation of the people by additions to the public debt.

I am, very truly, your friend and fellow citizen,
GEORGE C. GORHAM.

HAIGHT'S REPLY.

SAN FRANCISCO, August 28, 1867.

Messrs. Cracker and Hasbach—Gentlemen: In reply to your circular of August 21st, I have to say that no man is more strongly in favor of absolute freedom for all religious opinions than I am, nor can any one be more opposed to any connection between Church and State, and to any interference by the clergy with politics, such as we have witnessed in this election. I am equally opposed to any legislation whatever, by which a State attempts to compel a citizen to do that which is contrary to his religious faith. The pledge which you require is designed for members of the Legislature, and a Governor could not interfere actively with a measure which is exclusively within the province of the Legislative body. I should approve any law passed by the latter on this subject.

In haste, yours respectfully,
H. H. HAIGHT.

FAY'S REPLY.

SAN FRANCISCO, August 23d, 1867.

Messrs. W. Cracker and W. Hasbach, Secretaries Franklin Verein—Gentlemen:—Your communication of the 21st, is received. In answer I have to say that I am in favor of such observance of Sunday as will secure the day to all as a relief from toil. Those who choose to use it for religious services ought to be at liberty to do so undisturbed,

and those who wish to use it as a day of recreation should be equally at liberty to spend the day in their own way undisturbed, provided the religious devotion of the one and the natural freedom of the other do not come in conflict. And in order that there may be no unpleasant annoyance on either part, I am in favor of a Sunday law, to regulate to some extent the mode of observance. I am not, however, in favor of a Sunday law that would abridge the rational pleasures of the people or one more stringent than is required to sustain good morals and social tranquility.

Yours, respectfully,
CALLED T. FAY.

WON'T BE BETRAYED.—The Carson City Appeal makes the following comments on the present state of California politics:

But we are glad to see that the Union party of our sister State is not likely to be controlled by a few individuals; but will stand by its principles in an open convention of its delegates regularly chosen. In this time of peril to our common country no individual animosities or revenges are to be allowed to divide a party, and places in power the party which has fostered, fed and sympathized with red-handed rebellion, treason and assassination. No matter how extended his influence may have been, the man who now seeks to divide and betray the Union party will be proscribed and overthrown by that party in its triumphant march. If Seward could carry home with him in his betrayal of principle and party, it is not strange that Fitch, Anthony, and others of the ilk, find themselves almost alone in their defection from the Union party.

A CRITIC calls the verses and sentimental stories of young writers the tooth-cutting and measles of literary infancy.

RESOLUTIONS

Adopted by the Union County Convention which met at Auburn, Placer county, on the 19th and 21st June, 1867:

Resolved, That it is the duty of the loyal men in the United States, through their representatives in Congress, to take under their control the government of the late rebel States, and to secure a sufficient number of the friends of the Union can be found therein to organize governments; and that the future control of said States should be left in the hands of the loyal citizens to the exclusion of the leaders of the late rebellion and of those who voluntarily gave them aid in the field.

Resolved, That we approve of the late Act of Congress for the reconstruction of the rebel States, and earnestly hope that at the next session the large landed estates of the gentry who gave their personal influence and donated their means to destroy the Government, will be confiscated and divided up into small tracts and donated as homesteads to the soldiers who fought our battles, saved the Union and preserved our freedom.

Resolved, That the vital issue between the Union and Democratic parties is that of loyalty to the constitutional Government of the United States as opposed to disloyalty thereto; that the loyalty of the Union party has been abundantly manifested in the constant support of the Government in all its branches, while the disloyalty of the Democratic party is clearly manifested in the aid and comfort which during the late war it continually afforded to the public enemy, and in the sympathy which it still extends in favor of every movement tending to paralyze the efforts of Congress to aid the healthy reconstruction of the Federal Union.

Resolved, That the Union party of the United States is the only party in favor of the Union, the Constitution and the laws, and the independent set forth by the Democratic party in this regard are false and hollow, unfounded in fact, and disapproved by history.

Resolved, That the mission of the Union party is not and can never be accomplished until the opposing party thereto be entirely purged of its disloyal elements and eschewing its present heresies, shall in good faith determine to accept the great results of the late war, and thenceforth take issue only upon questions upon which adverse opinions may be held or put in practice without jeopardizing the continuance of republican government upon this continent. Until then it is our imperative duty to stand by our colors in the full knowledge that with us is union and liberty—against us only disunion and disgrace.

Resolved, That in the present condition of our state finances, we are opposed to any donation in money or bonds or any loan of the credit of the State to railroads or other corporations, and that our candidates for Senators and Representatives be and are hereby instructed to oppose by their votes and personal influence the enactment of any laws having any such object in view.

Chairman Committee on Resolutions.

THE UNION PLATFORM.

The Union Party of the State of California, in Convention assembled, hereby present to the people of this State their platform, and declaration of party principles:

Resolved, That in the present, as in the past, we are irreconcilably opposed to treason and to traitors, whether the same shall attempt to subvert our Union and control our government by fraud and treachery from within, or force their way to power upon the loyalty of the Nation, tried and proven, we rely to re-establish finally and forever the bonds of our National Union.

Resolved, That in reconstructing the nation its constitution should be justice and its architecture loyalty, and we are unwilling that those who so actively to destroy, should be the chosen and preferred builders to erect it, and until it shall appear that in the States lately in rebellion loyal committees exist capable and ready to administer justice and enforce law in accordance with the principles of a government of freedom and equality, it is our wish that the Government be administered and the law enforced by the loyal agents of the Federal Government.

Resolved, That in the reconstruction plan of the late Congress we recognize a policy as wise as it is unambiguous, and when the respective States have a rebellion shall bring themselves within its provisions, we will welcome them as seceders and receive them as equals in a reconstruction Union.

Resolved, That we deem the passage by the Legislature of a law establishing eight hours labor as a legal day's work, eminently just and proper.

Resolved, That the importation of Chinese or any other people of the Mongolian race into the Pacific States or Territories, is in every respect injurious and dangerous to American labor, by forcing it into unjust and ruinous competition, and we will that should be restricted by legislation and shared by such legal and constitutional means as are in our power.

Resolved, That the future primary elections of the Union party in this State should be held under the provisions of the primary election law, and that such test should be prescribed and enforced as shall exclude all persons not members of the Union party.

Resolved, That we fully approve the amendment to the Constitution of the State, presented by the Legislature of 1866, and providing that the Legislature shall have no power to make an appropriation of money for any purpose whatever, for a period longer than two years; that the same should be accepted by the Legislature, adopted by the people and become part of the Constitution of the State.

To the FLORENCE SEWING MACHINE CO. for the Best Family Sewing Machine,

HIGHEST Premium 1 Gold Medal!

REASONS:

1st.—Its simplicity and great range of work.

2d.—The reversible Feed Motion.

3d.—The perfect finish and substantial manner in which the Machine is made.

4th.—The rapidity of its working and the quality of the work done.

5th.—The self-adjusting Tension.

The Florence was awarded the first and highest premium at the State Fair of California, the only Fair on the Pacific coast at which any two double thread Sewing Machines were exhibited in competition in 1865.

The Florence received the only premium awarded, by the Mechanics' Institute of San Francisco, in 1866 and 1867, to any Sewing Machine, Sewing Machine Co., or Agent. The claim of a competitor to a medal is without any foundation whatever.

Wherever the Florence has been brought in competition with other Sewing Machines, it has always been declared the best. It is the most simple, the most substantial, the most efficient, and its use is easily learned. Every Machine sold is guaranteed in the full sense of the word.

DON'T BELIEVE THEM.

The Placer Herald and other papers in the party of the Copperhead party caution the people not to believe any reports that may be circulated between Saturday last and the 4th September. That is in perfect keeping with these impeccable sheets. If your dwelling catches on fire during your absence and you are informed of it, call it an Abolition lie, and let your wife and little ones perish in the flames. If a railroad accident occurs near your house and you see it, don't believe it, but let the victims die for want of attention. If the telegraph states that an earthquake has occurred don't believe it, and take no note of the fact, for your Democratic organ with the far seeing capacity of a bull-bat has warned you beforehand that it is false. If you are told that Haight and those engaged in the attempt to thrust him upon the people is inimical to the best interests of the State don't believe it, for are not the members of the Union party endeavoring to ruin the Country in a similar manner with that pursued by them for the last six years?

If you are told about this time that the Democratic party is trying to cheat you and your children out of the dearly bought victories gained by the heroes who risked their all that the government bequeathed to us by the liberty-loving sires of the Revolution should be perpetuated, don't you believe it, for are you not capable of seeing that these men are actuated by gain, and the Democracy that was the aider and abettor of the rebels and their consoling friends during the war are the purveyors of today?

If you are told that the Democracy are advocating measures for the advancement of mankind and the happiness of the human family, don't you believe it; stamp the whole assertion as a stupendous fraud; rise in your majesty of intelligent reasonable beings; look at the times with their prejudice or passion and give your votes to that party that has always favored progress in the political world, humanity to a down-trodden race and EQUAL and EXACT JUSTICE TO ALL MANKIND. Vote the Union Ticket.

FOR GORHAM.—The California Christian Advocate, the able organ of the Methodist Episcopal Church, supports the regular Union ticket. A leading editorial in the issue of July 25th, closes with these words: "Our sober conviction is that the issues now pending are inseparable from those fought through by the soldiers of the Union army during the war; and that to pass the control of the Government into the hands of those who were opposed to the war for the Union, is to reverse its results. Let every true man truly do his duty."

KEEP IT BEFORE THE PEOPLE.—That the nominees for offices on the Union County Ticket are in every respect worthy the entire countenance of the people and consequently deserve their support.

KEEP IT BEFORE THE PEOPLE.—That the foolish report of the Copperheads in charging the Union men with favoring giving the Negroes, Chinamen and Indians the ballot is a lie made from whole cloth.

Who said that all men are created equal? Thomas Jefferson, the father of the Democracy.

THE SOVEREIGN POWER.

Every voter in the United States is a sovereign. To-day the rulers of California exert their sovereign power. They will name some of their own number to execute their will for the next four years in the government of the State. Others to manage county affairs for two years. Behind these men stand certain great principles. These principles have just stood face to face with gleaming bayonet and roaring cannon. They now confront each other with the mightier ballot. One party claim that men should not be equal before the law. That the few and not the many should decide what the rights of man are, and how far they should be protected by civil government. The other party say "all men are created equal," and government is instituted to protect every man in the enjoyment of his natural rights, and should be so conducted as to lift all men to the highest level of attainment and enjoyment. One is the party of justice, the other of injustice. One is the party of progress, the other of conservatism. One is the party of man, the other of class. One is the party of love, the other of hate.

If you would see this Union perpetual, vote the Union ticket. If you would have security against another rebellion, vote the Union ticket. If you would preserve the honor of the nation, vote the Union ticket. If you would not see slavery re-established, vote the Union ticket. If you believe treason should be made odious, vote the Union ticket. If you would enfranchise all who fought for liberty and Union, and disfranchise the leaders of the rebellion, vote the Union ticket.

It is simply preposterous to assert that the character of the men who favored treason to the Government of the United States because it was a free Government, and who sought to build upon its broken fragments an oligarchy, has changed, or that restored to power they would not renew the attempt to found an empire of tyranny, or failing in that to infuse as much as possible of class prejudice and caste into our present form. We have only to recall the monstrous and outrageous injustice of many of the former laws of Congress and the Southern States, and the violations of the rights of man attempted by the authorized interpreters of the Constitution and the laws in such cases as that of Dred Scott, so I am once for all that none of the men imbued with the spirit of that party calling itself Democratic are fit to be trusted with the Government. If there was a shadow of doubt, we have only to read the laws enacted in all the South by the various Johnson-made bogus Legislatures that have sat to hatch abominations, misdeeds, or to listen to the speeches of such men as Hambleton and Myres in the present canvass.

Not a single noble or generous sentiment has escaped the lips of a Democratic orator from Haight to Nell, in this campaign. Their only delight is to trample on the weak and lowly, and to erect a government that shall crush all the mud-sills deep into the earth forever, while on the other hand, no man has brought into the politics of this State so many noble utterances of just and humane sentiments as our gallant young leader, George C. Gorham. Never before has so bitter and baseless a war been waged against a candidate. The spirits of evil have taken possession of men who had been trusted as true, and thus obtained immense influence with the friends of progress, and have been enabled to deceive many with their slanders and lies. But, unmasked at last, they can no longer beguile true and enlightened men, and all who know how to accomplish ends by the use of requisit means will vote for Gorham and all the Union nominees.

ONE VOTE.—The destiny of the State and Nation may hang upon one vote. We are apt to sneer and think lightly of the ballot, though we know

"It executes the freeman's will." As lightning does the will of God. One vote may decide whether "righteousness shall reign," or "bloody treason flourish o'er us." The hopes of struggling millions in every nation hang upon the success of the lovers of man. One vote may place in power embodied patriotism, philanthropy, progress, enthusiasm that shall bless the world, or tyranny, selfishness, obstruction and destruction to shroud all in gloom and des air. One vote may bless the land with peace, or plunge it in war. Even half a vote may do this. A vote for Fay that would have gone for Gorham, might elect Haight, and thus enshrine reaction, and drive this State and coast and the whole land into the old Slough of Despond. Mighty results have many a time in the past, depended upon a solitary vote. Let every voter to-day feel the immense weight of obligation resting upon him, and let him strike where the blow will tell heaviest for the good of man.

MURDER.—On the 17th ult., three miles from Los Angeles, Andreas Ortiz was dealing money, when three men, disguised, entered, shot and stabbed him, and in two hours he died. One man has been arrested, and the officers are in search of the others.

WE BELIEVE IT.—Haight denies that he ever was an Abolitionist. We believe him, because he turned Copperhead at the emancipation of five negroes, the patrimony of his wife.

FUNNY.—In the last issue of the Placer Herald the editor of that delectable sheet cautions the people not to believe certain reports that are likely—in his judgment—to be circulated to-day. One of the reports which he fears is that the Radicals will make somebody believe that Haight is dead. Now that fact has been apparent to us for sometime, and we had supposed that most of the people knew that he was politically defunct since his violent onslaught on the lamented Lincoln in 1853 when he denounced that good man as an idiot, thief and a buffoon, so three reporters charged, and he never denied it until he became a candidate. No man should receive the suffrages of a free people who is himself opposed to Liberty!

RIGHTS OF JUDGMENT.—The loyal people of our town becoming disgusted with the partial and unjustifiable course of the Sacramento Union have determined no longer to support it. Twenty of its subscribers have already ordered its discontinuance, and we hear of more who intend to "do likewise."

EVERY man who values a free Government, or favors law and order, should come out to-day and support the Union ticket. Let no considerations of a private nature prevent you from supporting the principles which are to secure to your posterity liberty and happiness in the fullest sense of the word.

RECIPROCATE.—If the "independent press" asks no support of the Union party, give it to them.

If you wish the very best CABINET PHOTOGRAPHS, you must call on BRADLEY & KULOFSON, 429 Montgomery street, San Francisco.

STAR OF THE UNION CELEBRATED STOMACH BITTERS!

These delicious stomach Bitters are entirely vegetable, and free from alcohol and every hurtful ingredient. A pleasant tonic, and a most agreeable drink. The market is flooded with poisonous compounds; but THESE BITTERS, made from the purest extracts of valuable roots, barks and herbs, are admirably adapted to the cure of all affections of the Stomach, Kidneys, Liver and Bowels, such as Dyspepsia, Fever, Diarrhea, Indigestion, Acidity, etc. For sale everywhere. A. FENKHAUSEN, SOLE MANUFACTURER, 109 Sanson St., San Francisco. (aug21 15)

CHOLERA! Mr. PERRY DAVIS—Sir: The benefits I have received from the use of your invaluable remedy, the Pain Killer, induces me to pen you a word in its praise. Experience has convinced me that for Headache, Indigestion, Pain in the Stomach, or any other part of the system, severe Chills, Wounds, common Colds, Hoarseness, CHOLERA, COLIC, MORBID, Diarrhea, Dysentery, Toothache, etc., THERE IS NO REMEDY BETTER THAN THE PAIN KILLER. I have this hour recovered from an attack of the Sick Headache, by using two teaspoonfuls, taken at thirty minutes interval, in a cup of hot water. I am confident that, through the blessing of God, I saved me from cholera during the summer of 1853. Traveling amid heat, dust, toll, change of diet, and constant exposure to infected atmosphere, my system was daily pre-disposed to dysentery attacks, accompanied with pain, for which the Pain Killer was a sovereign remedy, one teaspoonful curing the worst case in an hour, or at the most, a day. I have heard of many cases of dysentery being cured by its use. Put in the teeth, it will stop the toothache. Gratitude and a desire for its general use, has drawn from me this unsolicited testimonial in its favor. D. T. TAYLOR, JR., Minister of the Gospel. aug20

A CARD FROM THE AMERICAN WATCH COMPANY.

Of Waltham, Mass. This Company beg leave to inform the public that they commenced operations in 1853, and their factory now covers four acres of ground, and has cost more than a million dollars, and employs over 700 operatives. They produce 75,000 Watches a year, and make and sell not less than one-half of all the watches sold in the United States.

The difference between their manufacture and the European, is briefly this: European are made almost entirely by hand, and the result is of necessity a lack of time-keeping, which is indispensable to correct time-keeping. Both the eye and the hand of the most skillful operative must vary. But it is a fact that, except watches of the higher grades, are the product of the cheapest labor of Switzerland and the result is the worthless Anker, Lepines and so-called Patent Levers—which soon cost more in attempted repairs, than their original cost. Common workmen, boys and women, buy the rough separate parts of these watches from various factories, polish and put them together, and take to the nearest watch merchant, who stamps and engraves them with any name or brand that may be ordered.

How American Watches are made.

The American Waltham Watch is made by no such uncertain process—and by no such incompetent workmen. All the Company's operations from the reception of the raw materials to the completion of the watch, are carried on under one roof, and under one skillful and competent direction. But the great distinguishing feature of their watches, is the fact that their external and internal machinery ever flows, the most perfect and delicate machinery ever brought to the aid of human industry. Every one of the more than a hundred parts of every watch is made by a machine—that infallibly reproduces every succeeding part with the most invariable accuracy. It was only necessary to make one perfect watch of any particular style and then to adjust the hundred machines necessary to reproduce every part of that watch, and it follows that succeeding watches must be like it.

A Better Article for the Money

by their improved mechanical processes than can be made under the old fashioned hand-craft system. They manufacture watches of every grade, from a good, low-priced and substantial article, in solid silver hunting cases, to the finest chronometer; and also ladies' watches in plain gold, or the finest enameled and jeweled cases; but the indispensable requisite of all their watches is that they shall be GOOD TIME-KEEPERS. It should be remembered that, except their single lowest grade named the "Home Watch Company, Boston," ALL WATCHES made by them

ARE FULLY WARRANTED

by a special certificate, and this warrant is good at all times against the Company or its agents. ROBBINS & APPLETON 182 Broadway, N. Y. General Agents.

MEADOW LAKE ITEMS.—We copy the following items of news from the Sun of the 31st ult:

The U. S. Grant Company are now pushing their works ahead with vigor. Their ditch which they have been engaged in bringing in is now completed, and ample water power can be obtained therefrom to run all the hoisting and milling machinery they need.

The Enterprise Company are now driving the work on their mine and mill with a full force of men. They intend to have batteries at work in a short time rushing ore from the mine, and we understand that the company have made arrangements for the erection of a furnace for working sulphurates under the super-heated steam process.

The Green Emigrant Company have their dump now full of fine ore, but they are unable to have it crushed—there not being a single mill that can be obtained.

On Tuesday last as J. C. Palmer and H. G. Rollins were on their way from this place to Eureka, as they were driving down the grade near Bowman's ranch their horses were frightened and run away. Both the gentlemen jumped out of the carriage and escaped uninjured. The carriage was badly smashed.

Frank Gwynn announces himself through our columns to-day as an Independent Candidate for Constable. Frank is a modest young man, but he will make a good officer if elected. We leave him to the mercy of the voters with the simple announcement that the ladies are for him.

THE ASSASSINATION COMMITTEE.—The following resolution has been adopted by the Committee of the house of Representatives appointed to investigate the facts and circumstances of the assassination of President Lincoln:

Resolved, That public no ice be given through the Associated Press to all persons having any evidence or knowledge of any facts, papers or documents bearing upon the assassination of the President, or tending to show who were engaged therein, to communicate such facts or papers to the Chairman of the Committee at Washington, Gen. B. F. Butler, with the assurance that they may do so under the provision of the resolution that such communications or evidence so furnished shall not be made use of against the person so furnishing it upon any trial.

CHINESE IMMIGRATION.—It should be remembered, says the San Jose Mercury, that our treaty with China, whereby the Chinese are permitted to migrate to this country the same as every other class of foreigners, was made under and by a Democratic Administration; and now these same Democrats seek to shift the responsibility of their acts upon the shoulders of the Union party.

The campaign opens splendidly for the Democracy.—Mountain Democrat.

So it did at Bull Run.—Galaceras Chronicle.

Praps there'll be a Democratic Bull to Run now, and a Union bull to Gore em.—Dramatic Chronicle.

WHO MAY YET BE ENROLLED.—Persons who by reason of absence or sickness could not be enrolled prior to the 3th of August, and persons who were no naturalized until after that date.

UNION VOTERS!—Carefully scrutinize your tickets to-day. The enemy has had large numbers of bogus tickets printed with the intention of swindling you out of your choice.

Be careful what ticket you deposit this day in the ballot-box. To-day you fight the same fight over to decide whether we are to have a FREE GOVERNMENT, or whether you will submit to be ruled by tyrants.
